PROFILE

Currently pursuing a degree in engineering with a focus on artificial intelligence and data science, I am passionate about leveraging my technical skills and analytical mindset to drive innovation and efficiency within an organization. Through academic projects and internships, I have developed a strong foundation in programming, systems management, and data analysis. I am eager to apply my problem-solving abilities and commitment to continuous learning to a collaborative team environment where I can contribute to impactful technology solutions and support the organization's growth and success.

- Listening to music

EXPERIENCE

First year representative

Rajagiri School of Engineering and Technology

After being elected as the first-year representative, I organized multiple events, showcasing my leadership, communication, and organizational skills. I collaborated with students, faculty, and vendors to manage planning, promotion, logistics, and post-event evaluations, enhancing the student experience and fostering community within the engineering department.

Abhiyanthriki National Tech Event

Rajagiri School of Engineering and Technology

As a core committee member for a national tech event organized by the student council, I played a key role in planning and executing various aspects of the event. I coordinated with multiple stakeholders, managed resources efficiently, and ensured smooth operations, contributing to the event's overall success and high participant engagement.

Bharatham

Rajagiri School of Engineering and Technology

As a core committee member and head of the certification committee for the intra-college arts fest organized by the student council, I managed the distribution of certificates for participants and winners. I ensured accuracy, maintained meticulous records, and collaborated with various teams to support the seamless execution of the event.

School leader

CMI Public School

After being elected as the school leader in high school, I actively represented the student body by advocating for changes that reflected their needs and interests, successfully fostering a more inclusive and supportive environment. I frequently spoke at assemblies and events, using my public speaking skills to inspire and unite my peers, and played a key role in organizing school activities that enhanced student engagement and school spirit.
